DELIVER TO

PARTS DEPT.

While what we “do” is design and manufacture premium parts and service solutions for RVs, it’s “how” we do it that really matters.

We see our work as solving problems. We’re real people, driving real solutions, for real needs. Everything we do is in service to our customers. Why? Because they deserve a far better experience.

The products we make, and how we deliver them, is worth talking about. If we can help make a better-than-expected journey on (and off) the road, we’ve done our job. We do what we do because we believe that:

Your Journey Is the Experience.

FENDER SKIRTS

UV Protected

Keep your RV looking fine with replacement fenders that will not fade! ICON Fenders contain a UV protective layer in the material for extended color and the prevention of yellowing.

Heavy Duty

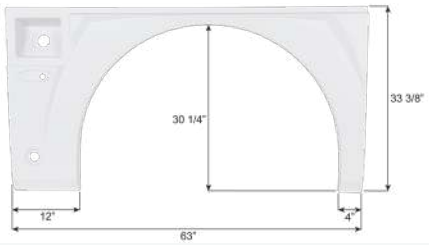

These fender skirts are formed of durable and textured ABS plastic for a long service life. Keep minor bumps and impacts from ruining your vacation and requiring replacement.

Huge Selection

We have your replacement! Discover fender skirts based on brand tags and measurements. With over 1000 unique parts of fenders in a variety of different colors, a match is not far away.

Measuring guide on page 209. Color swatches on page 214.

YOUR JOURNEY IS THE EXPERIENCE

At ICON, our commitment is to improve your RV experience, ensuring that every mile is smoother and more enjoyable than the last. We believe your journey is the experience, and we're here to make it exceptional.

About ICON

Founded in 1997 by John Loewen, ICON Technologies Limited has grown from a small 1,600 square foot facility to a nearly 300,000 square foot state-of-the-art manufacturing plant in Winkler, Manitoba. Specializing in rotational molding and thermoformed plastic products, ICON serves the RV industry with a commitment to premium quality and customer satisfaction.

Our Journey

At ICON, we believe that the journey our customers take with us is the essence of their experience. From designing innovative parts to delivering exceptional service, our focus is on solving real problems for real people. Our premium products and customer-first approach ensure that every interaction reflects our dedication to excellence.

Meeting Needs, Exceeding Expectations

In 2008, ICON saw an opportunity to fill a void in the market caused by the closure of Fleetwood RV. We began developing replacement parts for 'orphaned RVs,' ensuring owners could maintain their vehicles with quality parts that exceeded original specifications. Today, ICON offers over 1000 fender skirts and a wide range of other products, including skylights, air-conditioning shrouds, and fresh water tanks.

Our Commitment to Quality

Quality is at the heart of everything we do. Our parts are superior to the originals, such as our thicker, more durable skylights. We maintain a vast inventory to ensure fast shipping, and our user-friendly websites make it easy for customers to find exactly what they need without hassle.

Innovation and Service

ICON's success is driven by our commitment to innovation and exceptional service. Our advanced production facility, equipped with CNC-operated machines and large-format printers, allows us to create customized packaging and maintain high standards of quality control. We continuously seek ways to improve our processes and products, staying ahead of industry trends and customer needs.

Our Community

Our flat organizational structure and positive work environment foster a culture of community and excellence. We believe that happy, well-treated employees are the key to delivering outstanding service to our customers. At ICON, we are more than a company—we are a family dedicated to making every journey a remarkable experience.

Looking Ahead

As we continue to grow and expand, our focus remains on delivering the best possible products and experiences to our customers. Whether it's through direct sales, international distributors, or our innovative online platforms, ICON is committed to being a trusted partner in your journey.

ICON RV STOPOVER

At ICON, your RV travels are about the moments along the way. That's why we offer four complimentary stopover sites at our manufacturing plant in Winkler, MB, conveniently located near frequently traveled routes.

Experience the Convenience

Our stopovers are free for any RV traveler. Explore the nearby Winkler Discovery Nature Preserve or enjoy downtown shopping and attractions.

Connect with Us

Come in and chat with our friendly staff. We'd love to hear about your RV travels and share stories.

Stay with us and let us be a part of your journey. Your journey is the experience, and we're here to make it extraordinary.

PREMIUM UNDERBELLY PROTECTION

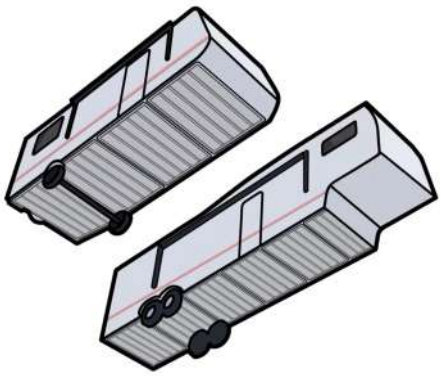

ICONs latest featured product & new to this catalog: UnderGuard™ Underbelly Protective Panels.UnderGuard™ provides unparalleled protection to your RV investment. Unlike traditional underbelly materials that can deteriorate over time, UnderGuard™ panels are engineered for long-term performance.

Many RV manufacturers have chosen UnderGuard™ as their underbelly protection solution, with RV's coming equipped with a fully enclosed belly. Now, ICON is looking to bring this protection system to the aftermarket.

Crossmember Diagram

Installed UnderGuard Diagram

Newly developed crossmembers add rigidity and allow for easy aftermarket installation. Steel bars with a slot on each side allow the panels to "clip" into subsequent panels, extending the rigidity of the panel across the joint to the next panel.

WIND DEFLECTORS

Adjustable & Easy Installation

Maximize versatility with the AeroShield, which adjusts to any angle for optimal aerodynamic efficiency and folds down to a compact 6 1/2” height when not in use. The AeroShield ships fully assembled, requires no drilling or modifications, and fits most vehicles (see application guide), ensuring a hassle-free setup and convenience.

Aerodynamic Efficiency

Enhance your tow vehicle’s performance with the AeroShield’s aerodynamic design. By reducing wind resistance and eliminating turbulence between your vehicle and RV, the AeroShield ensures smoother handling and up to 3 MPG better fuel mileage. Enjoy improved stability, a cleaner trailer free from bugs, and a more efficient journey.

Installation instructions on page 210.

SKYLIGHTS

Heavy Duty

ICON RV skylight domes are the epitome of durability. Crafted with exceptionally thick polycarbonate, they surpass the standards of typical originally equipped skylight domes. Their superior impact resistance stops breakage, preventing the nightmare of costly water damage that RV owners dread.

UV Protected

Our skylights are constructed using premium polycarbonate material, specifically designed to resist the harmful effects of UV rays. This UV protection ensures that our skylights remain robust and resilient, preventing brittleness and leaks over time.

Quick Installation

Installation made quick and easy! With ICON Skylight sealant and screws, you can effortlessly install ICON Skylight domes on any type of RV roof. Enjoy hassle-free, secure, and efficient setup, giving you more time to hit the road and less time on DIY projects.

AC SHROUDS

UV Protected

ICON's aftermarket AC Shrouds boast cutting-edge UV protection, crafted with precision using top-grade materials. Engineered to shield against the relentless UV rays, our AC Shrouds stand as a stalwart defense against the elements.

Impact Resistant

Experience the epitome of durability with ICON's Aftermarket AC Shrouds, engineered for unparalleled impact resistance. Formed of materials rated for high impact, our AC Shrouds are designed to withstand the toughest conditions.

Easy DIY

Simplify your AC maintenance routine with ICON's Aftermarket AC Shrouds – the ideal solution for effortlessly replacing damaged or brittle parts. Designed for ease of use, the installation process takes just 5 minutes, allowing you to quickly rejuvenate your AC unit.

Aftermarket A/C Shroud
for Advent AC Series
Models include: AC135-AC150. Has 4 mounting holes on both sides and 4 on the rear. Dimensions: 34 1/2” x 30” x 10 3/4”

12280 White **12281** Black

Aftermarket A/C Shroud
for Coleman
Models include: Mach, Roughneck. Mounting hole patter: 20.85 x 17.75. Has 4 mounting holes on the top. Dimensions: 42” x 30” x 12 3/4”

00751 White **01550** Black

Aftermarket A/C Shroud
for Advent ACM Series
Models include: ACM135-ACM150. Has 4 mounting holes on both sides and 4 on the rear. Dimensions: 32 1/2” x 25” x 10 1/2”

14371 White **14372** Black

Aftermarket A/C Shroud
for Coleman Mach 8
Models include: Mach 8. Has 4 mounting holes on the top. Dimensions: 43” x 31” x 9”

12278 White **12279** Black

Aftermarket A/C Shroud
for Carrier AirV Standard
Models include: Standard. Has 5 mounting holes on both sides of the unit. Dimensions: 40 3/4” x 23” x 10 3/4”

12128 White

Aftermarket A/C Shroud
for Coleman 6000 Series
Models include: 6000 Series. Has 4 mounting holes on the top: 20 3/4” x 17 3/4” wide. Dimensions: 43” x 29 1/2” x 10”

15982 White

Aftermarket A/C Shroud
for Carrier AirV Low Profile
Models include: Low Profile. Has 4 mounting holes on both sides of the unit. Dimensions: 41 5/8” x 26 5/8” x 6 1/2”

01837 White

Aftermarket A/C Shroud
for Coleman 8000 Series
Models include: 8000 Series. Has 4 mounting holes on the top. Mounting hole pattern: 20 3/4” x 17 3/4”. Dimensions: 43” x 29 1/2” x 12 1/2”

15981 White

Aftermarket A/C Shroud
for Dometic HP

Models include: HP. Has 2 mounting holes on the front and 3 on both sides. Dimensions: 39 1/2” x 29 3/4” x 10 3/4”

WT4741 Fresh Water Tank

75 3/4" x 38 3/4" x 6 3/4" - 71.00 US Gallon Capacity.

17025 Tank Only

WT4648 Fresh Water Tank

24 1/2" x 20" x 10 1/4" - 20.00 US Gallon Capacity.

16764 Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

FRESH WATER TANKS

Certified Clean, Engineered to Last

HUGE SELECTION & TONS OF SIZES

HEAVY DUTY POLYETHYLENE MATERIAL

CERTIFIED TO IAPMO STANDARDS

ACCESSORIES

Water Pumps

The Shurflo Revolution fresh water pump design was created with a unique one-piece diaphragm and internal by-pass, assuring long life and top performance in all plumbing systems. The quality reputation of Shurflo is built on the reliability and dependability of every pump built.

14769 Shurflo Water Pump

Potable Gate Valve Kits & Components

Assorted gate valves, parts and related adaptors.

14905 Water Valve, White, 1.5", MPT - Spigot

HOLDING TANKS

Impact Resistant

Discover peace of mind on the open road with our RV waste holding tanks crafted from high-impact-resistant ABS. Engineered for durability, these tanks withstand bumps and jolts, ensuring a reliable and rugged solution for your waste management needs. Travel confidently with ABS impact resistance.

Certified

Elevate your RV experience with confidence. Our waste holding tanks are certified to IAPMO standards, ensuring top-tier quality and compliance. Travel confidently, knowing your essential system meets the highest industry benchmarks for safety and performance.

Various Configurations

Tailor your RV waste solution with ease – our ABS holding tanks offer versatility in various configurations. Choose from different sizes, gallon capacities, and drain locations to suit your specific needs. Embrace customization for a seamless fit into your mobile lifestyle.

Measurement guide on page 212.

TEE	14848	3	3" Sanitary Tee, Wye
	14849	3	3" x 1.5" x 3" Sanitary Tee

ABS Pipe Kits

Assorted solid wall ABS pipes. Use to connect your accessory drains to the waste holding tank(s) and configure your tank drain.

14838 3” ABS Pipe, 2 x 6’ lengths

14839 2” ABS Pipe, 2 x 6’ lengths

14840 1 1/2” ABS Pipe, 2 x 6’ lengths

Airstream Plumbing Vent Cover

Fits various Airstream models including: Argosy. Includes a screen to prevent bug & debris intrusion.

14300 6” x 6” Plumbing Vent Cover, Satin Silver Metallic

14301 6” x 6” Plumbing Vent Cover, Colonial White

Airstream Vent Pipe Cover

Fits various Airstream models including: Argosy. Includes a screen to prevent bug & debris intrusion.

14298 4” x 4.5” Plumbing Vent Cover, Satin Silver Metallic

14299 4” x 4.5” Plumbing Vent Cover, Colonial White

Gate Valve Kits & Components

Assorted gate valves, parts and related adaptors. Pictured is 14763.

14760 Waste Valve Kit, 3” w/ nuts, bolts and seals

14761 3” Waste Valve Flange Adapter, Male pipe thread

14762 Waste Valve Flange Adaptor, 3” Spigot

14763 Fitting, Waste Valve, 3”, Hub - Hub

14764 Fitting, Waste Valve, 3”, Hub - Spigot

14765 Fitting, Waste Valve, 1.5”, Hub - Hub

14792 Fitting, Waste Valve, 2”, Hub - Hub

Holding Tank Adhesive Polymers

ABS Polymers make a strong adhesive for gluing fittings to holding tanks as well as repairing minor cracks. Blend 2 parts ABS Polymer to 1 part acetone. Adjust for desired consistency. Sold in 1 lb bags.

01518 Pulverized ABS Polymers, Black

01534 Pulverized ABS Polymers, White

Holding Tank Vent Cover

Built in aluminum screen to keep unwanted pests out. Fits vent pipes up to 3 inches.
Outer dimension: 7 1/2” x 6 1/4” x 2 1/4”
Inner dimension: 5 1/4” x 4 3/4”

00886 White **12581** Black

Holding Tank Well Nut

Rubber grommet with bolt for use with level sensing systems on grey/black and fresh water holding tanks. Smooth & beveled end prevents toilet paper and gunk build up, helping to ensure accurate level reads.

14063 Tank Well Nut / Level Sensor

Sani-Con Turbo 300

Sani-Con® Turbo 300 assembly - with OT (over-temperature) protected pump Hose and nozzle assembly with nozzle caps 2 Alligator clips to connect a 12 V battery (battery not included) 35 AMP fuse Storage case Quick connect wire (optional for pre-wire installs)

15284 Sani-Con Turbo 300

Hose Clamps

Assorted Hose Clamps. Pictured is 14827.

14827 Hose Clamp, 7/16” - 25/32”, 1/2” band

14828 Hose Clamp, 13/16” x 1-1/2”, 1/2” band

14894 Hose Clamp, 1 13/16” x 2-3/4”, 1/2” band

Tank Monitoring System & Accessories

Monitor your Holding Tanks, Fresh Water Tank, Pump, Battery and Heater (Gas/Electric) with this all in one convenient monitor. Works with probes already installed on ICON holding tanks. Wiring harness sold separately.

14781 M Series Tank Level Monitor

14782 Tank Monitor Wiring Harness

Macerator Pump & Accessories

Shurflo’s Macerator pump is designed specifically for sanitations waste evacuation. It features a premium impeller design with run-dry capabilities and is housed in a seamless shell. The dual blade and housing design ensure problem free pumping and superior performance.

14906 12V, 10GPM Macerator Pump

14909 Macerator Nozzle Kit w/ Clamp

14908 21’ Macerator Hose w/ Union Coupler/Clamp

14910 Drip Cap & Gasket for Macerator Nozzle

Vent Cap

Plumbing vent cap made of polypropylene. Overall diameter 5-1/4”. Assembled height 3”. Fits 1-1/4” to 1-1/2” vent stacks. Base and cap are included together.

12488 White

BATHROOM & KITCHEN

Slip Resistant

Prioritize safety with our bathroom products, featuring a textured, scuff-resistant surface. This slip-resistant design ensures secure footing, reducing the risk of accidents and enhancing confidence while using your RV's bathroom.

Thoughtful Design

Benefit from our modular shower surrounds, designed with click-in panels that prevent water from seeping behind. This thoughtful design ensures a watertight fit, keeping your bathroom dry and mold-free for a healthier environment.

Exceptional Durability

Experience long-lasting performance with our bathroom products, molded from high-impact ABS with reinforced bottoms. These robust materials ensure exceptional durability, providing a sturdy and reliable solution for your RV's bathroom needs.

Bathtub Modular Surround Kit

Modular surround kit intended for installation around a bathtub. Includes: 1x Shelf Corner, 1x Faucet corner, and 3x 27” x 72” trimmable back and end panels. The corners are designed with adjoining flanges to accept the trimmed panels. Panels include adhesive tape to aid in installation. The corners have a 10” installed width. The flanges are 3/4” deep, making the effective max width/depth for install 45 1/2” x 36 1/4”. Pictured bathtub not included.

15229 White

Neo-Angle Shower Modular Surround Kit

Modular surround kit intended for installation around a neo-angle shower pan. Includes: 1x Corner (with option for 90° or 45° angle), and 2x 27” x 72” trimmable panels. The corners are designed with adjoining flanges to accept the trimmed panels. Panels include adhesive tape to aid in installation. The corners have a 10” installed width. The flanges are 3/4” deep, making the effective max width/depth for install 36 1/4”. Pictured shower pan not included. 15227 is pictured.

15227 45° Corner

15246 90° Corner

Nautilus Square RV Shower Door

Maximize your RV Shower access with this wide entry, retractable shower door! With self cleaning technology, you’ll also not need to worry about soap scum & mildew buildup that you see on traditional glass or plastic curtains. The retraction mechanism has an integrated squeegee to remove water and soap as its pulled through.
71” x 48”

15349 71” Height, 48” Width Opaque Plain

Rectangular Shower Modular Surround Kit

Modular surround kit intended for installation around a shower pan. Includes: 1x Shelf Corner, 1x Faucet corner, and 3x 27” x 72” trimmable panels. The corners are designed with adjoining flanges to accept the trimmed panels. Panels include adhesive tape to aid in installation. The corners have a 10” installed width. The flanges are 3/4” deep, making the effective max width/depth for install 45 1/2” x 36 1/4”. Pictured shower pan not included.

15228 For rectangular/square shower

See page 175 for shower surround details.

BATH TUBS

FENDER SKIRT MEASURING GIUDE

easy as

1 2 3

1. Select your style

☐ Single Axle ☐ Tandem Axle ☐ Triple Axle

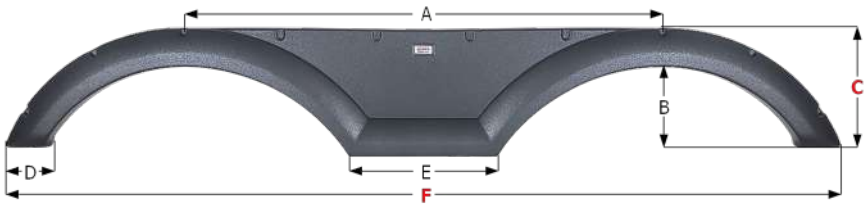

2. Select your RV brand or manufacturer

Manufacturer: _____ **Brand:** _____ **Year:** _____ **Model:** _____

RV Type: ☐ 5th Wheel ☐ Travel Trailer ☐ Class C ☐ Class A

3. Measure your original fender and compare with the RV parts diagrams

A : _____
Top Length - Measured from center of hole to center of hole (as shown in diagram)

B : _____
Wheel Well - Measured from the lowest point on the outside leg to the highest point of the wheel well

C : _____
Overall Height - Measured from the lowest point of the outside leg to the highest point overall

D : _____
Outside Leg Width - Measured from the side of the fender skirt to the inner side of the leg

E : _____
Inside Leg Width - Measured at the widest point at the bottom of the inside leg (not always applicable)

F : _____
Overall Length - Measured from the longest points of the skirt

WIND DEFLECTOR INSTRUCTIONS

WD500 SERIES & WD600 SERIES

AeroShield by ICON

IMPORTANT! READ BEFORE INSTALLING

1. Our wind deflectors are designed to mount onto the majority of vehicles on the market today. The gutter hooks provided fit most external or internal rain gutters. There are also some vehicles where this design is not applicable. It is the customer's responsibility to choose and install the correct hook for their respective vehicle and to check for proper fit.

2. Road safety considerations require that all bolts and straps should be inspected regularly for tightness when installing the wind deflector for a long period of time. Travelling at high speeds, high winds, or driving on gravel causes vibrations, which could loosen bolts and straps. We recommend inspecting your AeroShield every 500 km when driving on pavement and every 200 km when driving on gravel.

3. The utility strap can be cut to an exact length where required. The cut edge should then be sealed by heating lightly with an open flame until the material starts to melt.

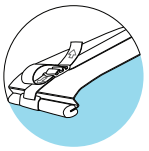

Preparation for Installation

1. Choose the appropriate suction cup mounting position for your vehicle, taking into account any ribs on your roof.

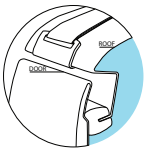

2. Move suction cups to desired position by removing bolts and re-attaching.

3. Ensure that all bolts on entire wind deflector are fully secure before mounting on vehicle.

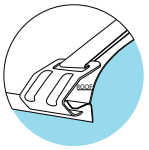

Internal Rain Gutter

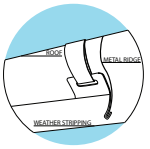

or

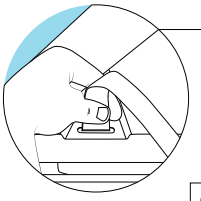

External Rain Gutter

#9 Hook, Concealed under weather stripping

1 Feed the nylon strap through the slot on the side of the wind deflector.

Choose appropriate hook for your vehicle according to the Wind Deflector Hook Application Guide. 2

For the latest hook application guide, **scan** or go to **lcondirect.com/hooks**

Included in the Box

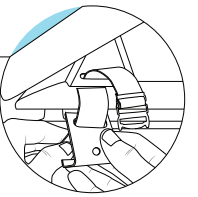

00932 Hook #2	00936 Hook #6	00647 Hook #8	01599 Hook #9
Gutterless Hook	Gutterless Hook	Gutterless Hook	Concealed Gutterless Hook

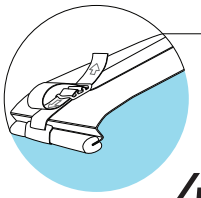

Special Order

00934 Hook #4	00935 Hook #5
Gutterless Hook	Gutterless Hook

Slide the correct hook onto the nylon strap. 3

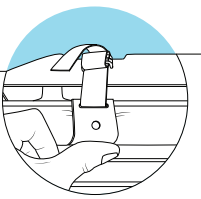

4 Feed the end of the strap through the middle of the buckle from the bottom, then through the front of the buckle from the top. After that feed the end of the strap through the back of the buckle from the top.
(The strap should now make a loop.)

Repeat the above steps for each of the four straps. 5

With vehicle doors open, position the hooks so that they firmly engage the external or internal rain gutters. (Some vehicles do not have rain gutters. The hooks should attach to the cab between the door and the roof.)
All four hooks must be used. DO NOT attach hooks to the door or window. 6

7 Adjust tension on the four straps evenly so that the wind deflector is centered on the roof and hooks are securely attached to the vehicle. BE SURE TO FULLY TIGHTEN THE STRAPS. There should be no slack on the straps if tightened properly.

Adjust the angle of the wind deflector so that it is aimed at the top of the trailer you are towing. 8

9 Tighten the 3-prong wing nut and bolt after adjusting the angle.

Your wind deflector is now ready for use!

ICON

SPIN FITTING INSTRUCTIONS

Fresh water tanks

1 When attaching a Spin Weld Fitting, select an area as flat as possible, where the fitting and Driving Tool can turn freely.

2 With the proper size Hole Saw, drill a hole in the container slightly larger than the pilot on the fitting. The fitting must be able to rotate freely.

3 On small fittings (1/2" and smaller) you can use a 1 HP Electric Router. On fittings measuring 3/4" to 1-1/2", a 1 to 1-1/2 HP to 2 HP Electric Router is acceptable. On small fittings 1/2" and smaller, we supply drivers with 1/4" shanks. Our fittings 3/4" and larger, we supply drivers with 1/2" shanks. All electric routers should have 18,000 to 25,000 RPM's.

12479
Threaded Fitting Driver

12477
1/2" Threaded Spin Weld Fitting

12490
1 1/4" Inlet Boss Driver

12478
1 1/4" Inlet Boss

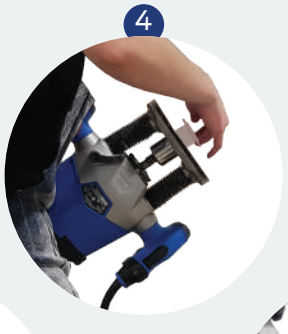

4 Place fitting pilot in the hole of the container.

5 Holding the Router in your hands and having the driving tool attached to the fitting, turn on the power and apply slight pressure so that molten plastic starts to flow around the outside diameter of the fitting. You will develop a technique as to how to apply pressure. The melting process will only take 2-3 seconds.
Turn off the power and keep the driver in position with applied slight pressure for another 5 seconds.
This will ensure a good bond with approximately 1/4" molten plastic surrounding the diameter of the fitting.

6 After 1 minute you can apply testing procedures, such as tapping with a hammer or prying with leverage.

7 Plug open fittings to keep the tank clean or install plumbing as necessary.

ICON™

HOLDING TANK MEASURING GUIDE

1. Select your drain style

☐ Bottom Drain

☐ Center End Drain

☐ Center Side Drain

☐ Left End Drain

☐ Left Side Drain

☐ Recessed Drain

☐ Right End Drain

☐ Right Side Drain

2. Measure your original tank and compare with the RV parts diagrams

Measure your holding tank in Inches and fill in the numbers on the lines below

L :_____

Overall Length - The overall length measurement including flange (if there is a flange)
Measured on the longest side of your holding tank

W :_____

Overall Width - The overall width measurement including flange (if there is a flange)
Measured on the shortest side of your holding tank

H :_____

Overall Height - The overall height measurement
Measured from the top of the holding tank to the lowest point which is usually the bottom of the drain

SKYLIGHT END-CAP PLANOGRAM

Sell peace of mind & security to rv owners in the form of quality skylight replacements, right on the end shelf. This planogram highlights the premium ICON replacement kit of the SL1422 sized domes - the most common skylight dome used on RV's today.

The planogram includes:
- Header Sign
- Shelf Branding Strips
- Tactile Skylight Demo
- 3x Inner SL1422 Domes
- 2x White Outer Dome
- 2x Clear Outer Dome
- 2x Dark Smoke Outer Dome

Skylight Inner Dome SL1422
Dome Dimension: 22" x 14" x 2 OR 5"
Flange Dimension: 24" x 16" (1" width)

12149 White, Clear Window 2" Depth

INFORM, SELL, INSTALL

Prompt RV owners new & old to think about the condition of their skylights. This display can allow DIY-ers to cash & carry or direct others to install options for service, creating an excellent source of revenue.

DIY ALL YOU NEED

This planogram includes all that a DIY RV owner will need to replace an existing 14 x 22 skylight. The outer dome packages include sealant and screws for the rooftop installation. The top shelf features an inner dome replacement to finish off the interior ceiling.

RV Skylight SL1422 KIT
Includes sealant & screws. Ideal for retail display.
Dome Dimension: 22" x 14" x 4"
Flange Dimension: 26" x 18" (2" width)

16030 White **16031** Clear

16032 Dark Smoke

Skylight End-Cap Planogram
Complete kit of inventory and signage. Shelving not included.

16669

NOTES

Your *Journey* is The *Experience*

ICON

icondirect.com

While what we “do” is design and manufacture premium parts and service solutions for RVs, it’s “how” we do it that really matters.

We see our work as solving problems. We’re real people, driving real solutions, for real needs. Everything we do is in service to our customers. Why? Because they deserve a far better experience.

The products we make, and how we deliver them, is worth talking about. If we can help make a better-than-expected journey on (and off) the road, we’ve done our job. We do what we do because we believe that:

Your Journey Is the Experience.
